## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments see Remarks, filed 11/08/2005, with respect to independent claims 1, 59, 60 have been fully considered and are persuasive. The rejection of claims 1-2, 59-61 has been withdrawn.

### ***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: As to independent claims 1, 59 and 60, the closest prior art of Kano et al alone or in combination with other prior art fails to disclose a method/system/storage medium as recited in independent claims 1, 59-60. In particular the key distinction between the closest prior art of Kano and the instant claimed invention is that the closest prior art does not rely upon producing a second image which is a mirror image of the first image, first image being a chest image, in combination with other elements as required by independent claims 1, 59 and 60.

As to independent claims 30, 89 and 146, the closest prior art of Kano et al alone or in combination with other prior art fails to disclose a method/system/storage medium as recited in independent claims 30, 89 and 146. In particular the key distinction between the closest prior art of Kano and the instant claimed invention is that the closest prior art does not rely upon determining average horizontal locations of the left and right ribcage edges at plural vertical locations, fitting the determined average horizontal locations to a straight line to derive a midline; rotating the chest image so that the midline is vertical; and shifting the rotated image to produce a lateral inclination corrected second image

with the midline centered in said lateral inclination corrected image, in combination with other elements of independent claims 30, 89 and 146.

Accordingly, now claims 1-174 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
